"I am a 4th-year Computer Science student. I have a strong interest in solving problems and learning quickly. I adapt easily and like to work on different types of projects."

Problem-Solving

I have solved problems on Codeforces using **C++**. My handle is **sandipon08**, and my rating is above 1000. I have also used Atcoder and CodeChef to solve different types of problems and improve my skills.

Onsite Programming Contest Participation

1. Betopia Group Presents DUET Inter University Programming Contest (IUPC) 2025

2. Uttara University Programming Contest (IUPC)

Skills

Languages: C, C++, Python, Java, JavaScript, PHP, SQL

Web Development: React.js, Node.js, Express.js, MongoDB

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

Projects

Online MCQ Exam System
Live Demo | GitHub Repo
Full-stack online exam app with Admin and User roles. Admin creates exams; users take tests and see results and result history.

Boi Ghor - E-commerce Website
Live Demo | GitHub Repository
1. Developed a full-stack e-commerce platform where users can browse and order products.
2. Implemented an admin panel to add, update, and delete products and manage customer orders efficiently.

Physics of Stupid - Course Selling Website
Live Demo | GitHub Repository
Focused on responsive UI and user-friendly navigation.

Library Management System
Live Demo | GitHub
Users can browse the catalog, issue available books, and return them through the system. Admins can add, update, and delete books, as well as monitor issued, returned, and overdue books to manage return status effectively.

Education: **BSc in CSE**, Presidency University — *Last Semester*– CGPA: 3.67   **HSC**, Adil Uddin College — *GPA: 5.00*
